Glen Hodgson Returned To Office

COUNCIL HERE CONCERNED OVER WINTER BRUSHING DISCONTINUED

The government has discontinued the brushing of roads and right-of-ways under the winter works program. Only winter works subsidies granted are for building and construction.

At the council meeting here on Wednesday, October 11th, council felt because there are no industries here and building is prohibited during winter months because of weather conditions that special attention should be given to this area.

The clerk was instructed to write letters to the Department of Municipal Affairs, to bring this matter to their attention. Letters are also being sent to MPs in this riding, Mr. Glen Hodgson and Mr. Bill Scott, asking for

some support on this issue.

Council stated that many men have formerly worked on this program during winter months, and now under this arrangement will be unemployed.

Council has strongly opposed this action on behalf of the government and hope some action will be taken for this years winter works program.

THURSDAY SMILE

He's too fat to play golf. If he puts the ball where he can hit it, he can't see it, and if he puts it where he can see it, he can't hit it.

HUSKIES DEFEAT CENTENNIAL MIDGET CHAMPS 3-1

On Saturday evening in Haliburton the Huskies took the Toronto Butter Beeps, the Canadian Centennial Champs and defeated them 3 - 1.

The game was one of the fastest and most exciting tilts that has been played on Haliburton ice in three years.

There was no score in the first period, but both teams had countless scoring chances which were turned aside by brilliant goaltending. Haliburton opened the scoring near the end of the second period, when Terry Sawyer backhanded his first goal of the game behind the surprised Beeps goalie. A few seconds later the Toronto team evened the score, and it stayed this way till the end of the second period.

The Huskies went ahead in the third frame when Sawyer scored his second goal of the night and then Neil Hewitt tallied the clincher. Dave Dollo played a steady game in the nets for the Huskies in the third frame.

Very little support at the gate for this contest, only some 160 fans turned out. There will be a game every Saturday evening at the Haliburton Arena, this weeks visitors were not known at press time. Look for the schedule to be printed in the near future.

Coach Scottie LaRue had done a big job with the boys in training, and the team looks like championship calibre, get out and support them at the gate and see some fine junior hockey this winter.

ROTARIANS TO HOLD SOCIAL EVENT OF THE YEAR

The Rotary Club here in Minden have organized what might be the social event of the year. It is their Centennial dance held at Locarno-On-The-Lake, on Wednesday, November 1st.

Rotarians, Kinsmen, wives and invited guests, will dance to an orchestra from Toronto, known as the Blue Echos, and dine to a buffet supper of fried chicken or roast beef. Along with a bar, many prizes will be given out for special dance numbers. Corsages for the women will be supplied compliments of the Rotary Club.

It was a rainy day, Tuesday, October 17th, for everyone in Ontario, but the Progressive Conservative Party who came out shining victors in the provincial election. John Robart's Government once again have a large majority at Queen's Park. The PCs slipped a few seats however from last election but still ended up with a good majority of 72 seats compared to 27 for the Liberals, 19 for the NDP.

On the local front here in Victoria-Haliburton riding, Mr. Glen Hodgson was re-elected to office by a majority of some 2,000 votes. A good number of people here in Minden ran from cars and dodged rain drops to place their X on a ballot some 714 voted. The vote here heavily favoured Glen Hodgson, 415, John Eakins 193, Merv Everall, 106.

In Haliburton it was very much the same story as Minden, 780 voters, Hodgson 447, Eakins 206, Everall 127.

The other polls in Haliburton County were as follows: Carnarvon Hodgson 42, Eakins 29, Everall 9; Ingoldsby Hodgson 36, Eakins 40, Everall 18, Blairhampton Hodgson 15, Eakins 9, Everall 11; Hyland Grove Hodgson 37,

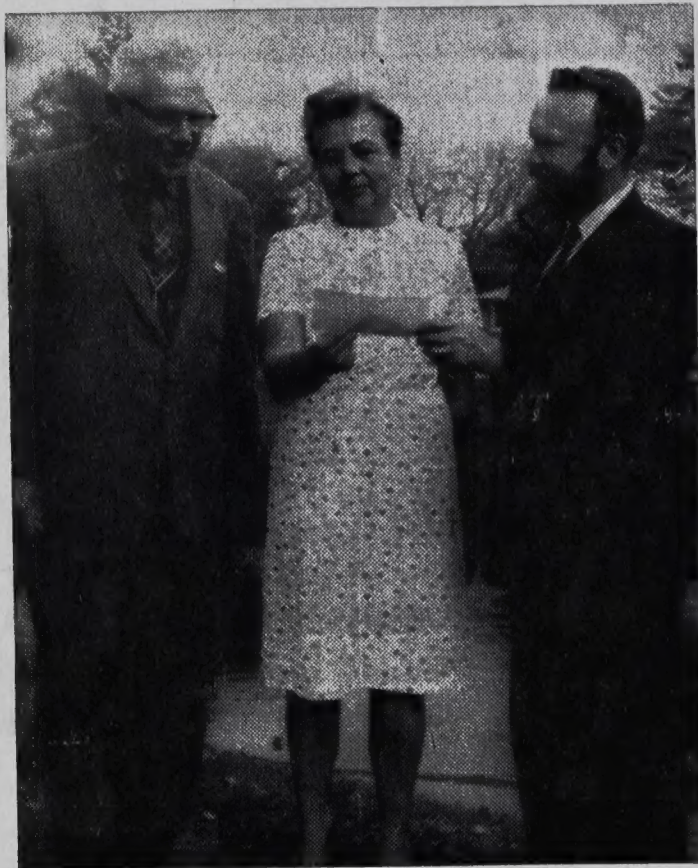

Eakins 23, Everall 9; Cardiff Hodgson 146, Eakins 49, Everall 71; Beachbridge Hodgson 11, Eakins 20, Everall 16; Guilford Hodgson 87, Eakins 35, Everall 41; Harcourt Hodgson 52, Eakins 11, Everall 16; Donald Hodgson 23, Eakins 3, Everall 8; Eagle Lake Hodgson 55, Eakins 25, Everall 21; Tory Hill Hodgson 44, Eakins 24, Everall 21; Wilberforce Hodgson 94, Eakins 29, Everall 28; Gelert Hodgson 41, Eakins 21, Everall 26; Furnace Falls Hodgson 11, Eakins 18, Everall 21; Lochlin Hodgson 27, Eakins 14, Everall 13; Maple Lake Hodgson 83, Eakins 42, Everall 31, Halls Lake Hodgson 47, Eakins 35, Everall 29.

MINOR HOCKEY STARTS NEXT WEEK

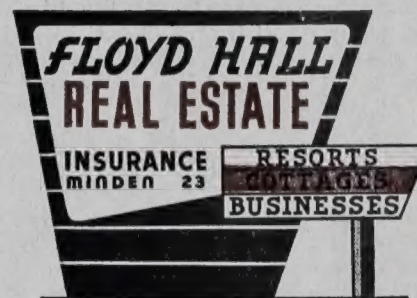

At a Minor Hockey Meeting Tuesday, the following times were set for practice next week.

Monday, October 23rd. Pee Wees 6.30 - 7.30; Bantams 7.30 - 8.30. Thursday, October 26th Mites 6.30 - 7.30; Squirts 7.30 - 8.30; Juveniles 8.30 - 9.30.

Everyone is asked to be at the arena in Minden in plenty of time to be transported to Haliburton for practice.

Secretary-Manager Norm Craig looks on as Haliburton Highlands Chamber of Commerce vice-President Mrs. Richard Kirkwood accepts a cheque for \$5,000.00 from Mr. Don Goodwin District Representative of the Department of Tourism and Information.

HERE AND THERE

by FENWICK FINCH

Well, the holiday is over and we're back. It's good to be back — we saw a lot of nice country and scenery but nothing to outstrip the Highlands of Haliburton.

Speaking of scenery, you'll no doubt notice this one piece of scenery running down the side of the column — this young lady performed locally and very capably too. I just thought it might brighten up an other wise dull column — besides it might be more eye-catching than some of the other pictures I took.

Most of our time was spent in Central New York in the Village of Skaneateles. This is a beautiful little town of some 5000 residents. Next week I'll tell you about the place — if you're looking for a drive it is well worth the trip.

Cable users will notice that Channel 9 has picked up over the weekend. This is largely due to the work Les Northey and Phil Graham put in installing the new 200' tower. It was quite some job. Everything went smoothly until they hit the 170' level then Les found the sections didn't fit however, after a bit of perseverance he got them fitted. Last Sunday Phil spent some time calibrating the new tower and lining up the signal etc. with the near perfect result we now have on the channel.

* * * *

Speaking of the cable you will no doubt be sorry to hear that our good friend "Bob" Bishop Jr. fell while adjusting the cable in Haliburton and came up with a broken hip. We hope you're soon around again.

* * * *

This being on holidays is not bad — except for one. With prices what they are if a pickpocket went through my pockets now, all he would get would be the exercise.

Speaking of prices the biggest number of places the coffee was 15c but the situation was better — they would keep coming back and re-filling the cup so the 15c didn't hurt as much — in fact I came out money ahead.

Sitting in my car on the street the other day I saw a policeman starting to make out an overtime parking ticket. Just then the owner of the car, a clergyman, came up and said, "Please don't give me a ticket I'm a poor preacher."

"Yeah, I know, I've heard you," came the reply as he kept on making out the ticket.

* * * *

So, there you have it until next week. Drive carefully, We'll see you then.

Fenwick

UNITED CHURCH CENTENNIAL PROJECT

A warm welcome is extended to all to attend special "Centennial Services" Sunday October 29 at 11 a.m. and 7 p.m. A special speaker Rev. R. McCaw from Haliburton along with special music under the direction of Mrs. Marilyn Stouffer.

The services will be preceded by a "Centennial Supper" in the church. Saturday October 28 from 5-7 p.m., Adults \$1.75, Students \$1.00, Pre-schoolers - free.

**WINNER OF \$33,000
COMPETITION PRIZE
TO BE KNOWN OCT. 29**

The big \$60,000 Centennial literary competition, "Canada - 2000 A.D.", sponsored by Imperial Tobacco Company of Canada Ltd, has entered its final phase and the winner of the grand prize will be announced October 29.

The 10 finalists, selected on the basis of 2,500 word abstracts submitted last year, have met the deadline and the jury is at work on the final adjudication.

The five judges are: Dr. John James Deutsch, chairman of the Economic Council of Canada; Ottawa, chairman; Prof. Earle Birney, University of Waterloo; Mr. Justice Alfred Maurice Monnin, Manitoba Court of Appeal, Winnipeg; Claude Ryan, publisher of Le Devoir, Montreal, and Prof. Peter B. Waite, Dalhousie University, Halifax.

Each of the 10 finalists, selected from among more than 1,000 Canadians of all walks of life and all ages, received \$1,500 when his abstract was accepted and a similar amount when his final work was completed.

The winner will receive the additional grand prize of \$30,000, the largest amount ever offered in Canada for a literary work.

The Centennial competition was launched by Imperial Tobacco "to make a significant original contribution to the present and the future of Canada by encouraging many thoughtful Canadians to 'put in black and white' how this nation may or should develop over the next 33 years."

Of the more than 1,000 who entered the competition, 70 per cent were males, 30 per cent females, and their ages ranged from 12 to 91 years. There was a special place for students and two of the 10 prizes of \$3,000 were reserved for them. The competition attracted 60 student entries, 35 English language, 25 French language.

ANOTHER ISSUE

With the election over, another issue will soon be at stake in this village. The pros and cons of booze is being tossed around, this liquid diet has had its ups and downs, ever since grandfather invented the still, for corn liquor.

There are so many people getting sloshed on a Saturday night now, as there ever was, times haven't changed one bit. Even the communities that are as dry as the Siberia Salt Mines, have those who can't quench their thirst. They can be found at home half slouched off a chair, or in the closest village that has such convenience.

The issue in this town will be for dinning rooms and cocktail lounges, these places of course, you have to have a few more shackles in your pocket before you can call the place your second home. Those who like to drink into that twilight zone, still hit the beverage room or the liquor store. So the thoughts of having another outlet or two shouldn't disturb anyone, for being licenced dinning rooms or cocktail lounges have many good advantages.

Lets face the facts that we have no industry here in Minden, so we must rely on the tourists for our living—therefore we must keep up with the services and supply them with all the conveniences possible. Such licenced outlets also attract industry, one of the many requirments when industry in looking for a location, is the entertainment made possible for employees, liquor outlets are one. The improvements made through liquor licences can be seen in Coboconk, the Patti House, Sir Sams Inn in Haliburton are fine examples of high standards, laid down by the liquor control board of Ontario.

If this community is going to keep supporting everyone living here in the future, we must be ready to take advanced steps to keep abreast with communities and districts around us. Drinking has been a way of life, and part of life, back as far as biblical times, we are not going to change it now. Accepting it we must do, for it will be with us for ever. What we can do is improve the conditions in which it is served, and by doing this we improve our community.

By having such outlets we will help to eliminate bootlegging, for such outlets are designed more for social drinking rather than binge drinking.

But, lets not fool ourselves, drinkers will drink — drying up a community will not eliminate these people, as long as a man can come up with 15 cents, either from his own pocket or from someone elses, he will mangae to spend it on drink if he so pleases. What we need are better facilities, to encourage tourists to spend their money here, rather than somewhere else. If we are going to compete with other areas for this same tourist dollar, we must have both the service and facilities here in this area.

Lets not stand in the dark, or back in the past, it is our responsibility to this area, and to ourselves to be progressive.

A WELCOME HANDSHAKE

Kinsmen past president Lyle McKnight welcomes overseas visitors with a warm handshake. Some 50 members of Member associations of the World Council were here to meet Kinsmen and have lunch at the Wagon Wheel Motel.

LINDSAY VOTES YES FOR LIQUOR

With an unexpected 53.6 per cent of the eligible voters in Lindsay going to the polls Wednesday, the liquor plebiscite in Lindsay carried by an almost 10 per cent majority over the necessary 60 per cent required to carry the project.

On the liquor lounge question, 2,505 voted yes and 1,167 voted no, for a yes vote of 68.2 per cent.

On the dining lounge licence question 2,608 voted yes and 1,076 voted no, for a yes vote of 70.7 per cent.

Ward 1, polling booth 1C was the only ballot box that yielded a majority no vote and that was on the lounge licence only. By first count, polling station Ward 2, 2A was the only polling station to yield an identical count on both questions with 76 yes votes and 43 no votes on each question.

There were 6,876 eligible voters in Lindsay of which in the area of 3,700 voted. As usual a number of ballots had to be disallowed when the word yes or no was written on the ballot or a check mark used instead of an X.

WOODS, WATERS AND WILDLIFE

By James Woodford

With the stroke of a pen Ontario can create one of the world's most exciting national parks.

Polar Bears roam there. Arctic Loons and Parasitic Jaegers nest there. Deep-purple Rhododendron Cotton Grass and other arctic plants grow there. Walrus and Beluga or White Whales may be seen in the sea. And there is some permafrost.

Cape Henrietta Maria and a coastal corridor along James and Hudson Bays are arctic in character and composition — some of the southernmost tundra in the world.

What is tundra? It is perhaps best described as a level or undulating plain of northern arctic regions. Trees are replaced by many kinds of grasses, herbs, sedges and heaths. The ground is permanently frozen down to bedrock; but during the brief summer period the top few inches thaw out and the ground is quickly covered with a mantle of greenery.

Ontario's "island" of tundra is of special interest to scientists. In this area, adjoining as it does a large body of cold water, some of the land is undoubtedly typical

arctic tundra. However, according to Dr. John Sparling of the University of Toronto, many areas are really just tundra because of the influence of the sea — which causes a shortening of the growing season and sea-pray and fog which depresses tree growth. As such it is probably unique in the world.

Polar Bear National Park, a name suggested by the Federation of Ontario Naturalists, would be a large wilderness park about 5000 square miles — and as such would complement our provincial recreational and semi-wilderness parks.

Suggested boundaries are — south from Cape Henrietta Maria to the Ekwon River, west to a point south of the Sutton River, north to the mouth of the Sutton, and east to the cape.

The Federation of Ontario Naturalists believes that we have a right and a duty to safeguard important parts of our natural heritage. Polar Bear National Park would protect an area of great significance not just to Ontario, not just to Canada — but to the world.

We must not repeat the mistakes made in southern Ontario, where precious land is in public hands.

TEACHERS HEAR EMO CO-ORDINATOR

Victoria-Haliburton EMO co-ordinator James Hall addressed teachers on Tuesday at Lakeview Public School, Haliburton on the subject of Emergency Measures and addresses teachers at the Cardiff Public School on Thursday.

The two meetings will total approximately 80 teachers and school board members.

YOUTH INJURED IN CAR ACCIDENT

16 year old Fenelon Falls youth Brian Junkin, underwent surgery in Ross Memorial Hospital Friday for hand injuries sustained in a car accident on the Bobcaygeon Road, three miles east of Fenelon Falls.

It is believed a second person in the vehicle sustained minor injuries but details were not available at press time.

SPORTS

WITH BOB BEENEY

The Minden Minor Hockey Association held registration night last Friday from 6:30 to 8:30 and 85 kids from the Mite classification right up to juvenile. The largest individual groups registered were in the Mite and Squirt classification with good representation in the Pee Wee and Bantam teams also. Many more children are expected to register within the next week and it is expected that there will be over a hundred children in the association by the time the season begins. The financial situation has improved greatly during the past week however any donation to the association will be greatly accepted.

The biggest need that the association has right now are coaches for the Squirt B's and the Pee Wees.

Al Grier will be the Mite coach and will be assisted by, Ray Lawrenson. I will coach the squirt "A's" with Grant Hewitt as Manager and Soup Campbell will handle the Bantams. Gene Whitney will coach the juveniles and is expected to be assisted by Wally Cook and Bob Austin.

Besides coaches and managers anyone interested in refereeing are desperately needed.

By the time this column is printed the association will have held another meeting and the date for practices to commence will be decided.

The Minden Figure Skating Club will start practices on Oct. 28th at Haliburton and registration will take place on Friday Oct. 20th at the Minden Municipal Office. A skate exchange will also be held at the same time as registration. On Saturday Oct. 21st. the club will hold a candy blitz from door to door.

The first meeting held by the Minden Physical Fitness Club was fairly successful with over thirty people ready to join the club. There was representation from Minden, Lochlin and Haliburton.

Sharon Kernohan is treasurer and it was decided that the registration fee would be \$1.00 plus 35c per week. This cost is expected to pay for the facilities to hold the weekly sessions.

The success will depend on whether or not an interesting program can be formed by the organizers.

COULTER - LANTHIER VOWS ARE PLEDGED AT PEMBROKE

Rev. P.J. Brown officiated at the nuptial mass Saturday afternoon September 30th, at 2:30 o'clock when vows were exchanged in the Church of the Most Holy Name by Miss Diane Carolyn Lanthier, daughter of Mr. and Mrs. Harold J. Lanthier, Pembroke and Mr. Glen Leslie Coulter, son of Mr. and Mrs. Leslie Coulter, Kirkfield.

The altar was decorated with chrysanthemums for the occasion. Soloist was Mr. Clifford Ranger.

Given in marriage by her father, the bride wore a white peau de saie gown, the bodice fashioned with long tapered sleeves, a scop neckline, and the skirt was edged with lace. A long cathedral train trimmed with lace fell from the waistline. She wore a matching floral headpiece and a three quarter length bouffant true illusion veil. The brides bouquet was of red roses and carnations.

Miss Bette Hamilton was maid-of-honour and Miss Linda Goldberg, bridesmaid and Miss Kelly Anne McDonald, flower girl.

Her attendants wore gowns designed alike of aqua tone chiffon over satin, in sleeveless style, with matching lace trains. They wore floral head-dresses with fly away veils and carried bouquets of deep pink carnations.

The flower girl wore a white track, fashioned with puffed shirt sleeves and a semi-floral headpiece. She carried a miniature Bouquet. Mr. Ray Lanthier, brother of the bride, and Mr. Garry Lenzi, stood with the bridegroom, and ushering the guests were Messrs. Clyde Lanthier, brother of the bride and Craig Coulter, brother of the bridegroom.

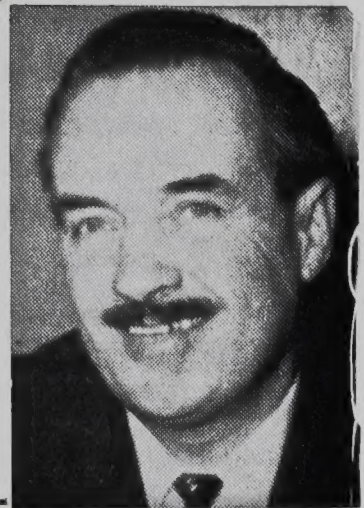

A reception followed in the Petawawa Municipal Hall.

Out of town guests were from Sault St. Marie, Elliot Lake, Montreal, Hamburg N.Y., Toronto, Peterborough, Minden, Haliburton, Kirkfield, Lindsay, Oshawa, Fenelon Falls, Petawawa.

Mr. and Mrs. Coulter left on a wedding trip to Montreal, Quebec and the Northern United States. Travelling the bride chose a three piece spruce green ensemble, the three quarter length coat having a white fox collar. She wore a shoulder knot of Sweetheart roses. They will reside at 54 Cambridge St. N. Lindsay, Ont.

What's It All About?

by REV. JIM

A LOOK AT CONFESSION

1 John 1a: But if we walk in the light, as he is in the light, we have fellowship one with another,

FELLOWSHIP

Fellowship one with another is the real mark of a Christian. Jesus in another scripture said "by this shall all men know you are my disciples, when you have love one to another." Paul in one of his letters speaks about "a broken wall". A wall between ourselves and any other is not fellowship, it is not love.

We today place very great emphasis upon accepting those who are different in color, language or even religion, and well we should. I believe we have made great strides in this direction and we will continue to do so. But strangely enough whilst we strive to break this wall, we find a wall between ourselves, and there is no real fellowship. This is sin. Brokenness of fellowship by the erection of a wall between ourselves and any other is sin. We all sin in this way. The symptoms of this shows in our jealousy of another; in our sensitiveness, and our inability to turn our other cheek; in our reserve and desire to hide our true selves; in our strong religious beliefs which are sometimes only a cloak to cover our true self.

In these ways and many others we build a wall between ourselves and others. This wall is sin. This wall destroys fellowship one with another. How then shall we break the wall and restore fellowship Our text says "Walk in the Light".

LIGHT

What does it mean to "Walk in the Light". We sometimes believe it is to walk or live according to what we believe is right. But we can do this and still not have fellowship; still have a wall between ourselves and another. What then does John mean by walking in the light? Simply this — "light reveals". It does not reveal an absolute law or philosophy to follow. It reveals something is wrong in our own heart. It reveals we have been hiding in the darkness. We are closing ourself in, separating ourselves from others through our own jealousies; through our own sensitiveness; through our own religious ways, etc. This is the "Light of God" shining on our own lack of love or ability to receive love.

WALK OR CONFESSION

It is true that when we see a fault in another we should try to help him, but let us be sure it is with a heart of love. Let us let the "Light of God" shine on our own heart first. Very often we will discover the real problem is in ourselves. What then? We walk in the light, which is confession. We confess to God (or to another, if necessary, in the right place and at the right time) our own lack of love or inability to receive love.

Confession then of our own sin is very often the means of greater fellowship and is the true Christian walk.

MINDEN DETACHMENT

REPORT

by Constable E. F. Whitney

During the week of October 8 to October 14, Minden O.P.P. investigated six property damage accidents with \$1910.00 in damages being sustained to the vehicles involved and one personal injury accident with \$50.00 in damages and one person injured. The officers of Minden Detachment patrolled 2,360 miles of provincial and county roads during the week and laid four Highway Traffic Act charges.

Investigations of a criminal nature totalled twenty-four for the week, as follows: Thefts 7, Damage to Property 7, Break & Enter 4, Missing Persons 3, Disturbances 2 and Dangerous Boating 1.

With old man winter just around

the corner you will no doubt be finding your car windows covered with either frost, snow or ice, in the morning. An amendment to the Highway Traffic Act last fall makes it an offence to travel upon a highway with the windows of your car frosted over. You must have your windshield, side windows and rear window clear at all times of snow, ice or frost while you are travelling on a highway. Your rear window need not be clear if your car is equipped with a side mirror. If you are safety minded, we would suggest that you equip the side and rear windows of your vehicle with frost shields to enable you to have good visibility at all times.

SPECTACULAR CENTENNIAL DISPLAY AT CANADIAN NATIONAL EXHIBITION

According to C.N.E. officials, the press, and the general public, one of the most exciting and stirring exhibits this year was the Million Dollar Centennial Display constructed by G.H. Wood, the "Sanitation for the Nation" company, at the 1967 Canadian National Exhibition.

The action and excitement of this display caused a constant traffic jam in the surrounding aisles.

In a dazzling revolving showcase, Mr. Wood placed more than one million dollars in various denominations of bills and thousands of glistening silver dollars with the intent to stress the fact that Canadians waste more than one million dollars per day through preventable sickness and absenteeism, most of which could be eliminated through better public health.

Guards from the famous — and one of Canada's oldest regiments dating earlier than 1867 the Royal Regiment of Canada were posted in front of two sentry boxes at either end of the display. Every few moments these guards performed precision Military drill to the delight of the huge crowd.

Every day at 4:00 p.m. a colourful "Changing of the Guard" ceremony was carried out by the full Guard of twelve men under the command of Captain J.E. Mac-

Donald, DCM. The guards served through the kind permission of the Commanding Officer, Lieutenant Colonel R.G. Douglas, CD., CLJ.

Mr. Wood informed us that all the currency on display was arranged through the courtesy of the Canadian Imperial Bank of Commerce.

Minden Figure Skating Club Begins 1967-68 Season

Mrs. Pat Gillogly will be the club professional for the third year in a row. The members have shown great improvement under Mrs. Gillogly.

Registration Day will take place to-morrow night after school. A skate exchange will also take place this day.

The Minden Figure Skating Club begins its year under Libby Griffiths who is president of the club for the third consecutive year.

The girls are getting their blades out of storage, to be sharpened and will be ready for their lessons on Oct. 28th in Haliburton.

Parents will help provide transportation Oct. 28th to the end of Dec. A bus will transport the members for the remainder of the season.

The executive would like to see some boys join the club this year so boys don't hesitate if some join others will be contacted. Registration Day will be Friday Oct. 20th after school at the Municipal Bldg.

**LIBBY GRIFFITHS
PRESIDENT**

The club has purchased an attractive blue and white crest, triangular shaped with a figure skate in the centre, and will be worn by the members.

Mrs. Griffiths plans to hold a special evening in November for the whole family.

The Minden Figure Skating Club is a great asset to the community, and is one of two organizations, that help provide winter recreation for the boys and girls of Minden.

Anyone wishing any information please contact any member of the executive.

Vice President - Muriel Welch, Secretary - Pat Campbell, Treasurer - Audrey Northey, Publicity - Ruth Greir.

Some of the members practise their routines before lessons. The Minden Club is expecting a big year, with a carnival planned in 68.

Some of these girls will be selling candy Sat. Oct 21st to help raise funds for the club. They are looking forward to start skating on Saturday, October 28th.
